KPMG

Practice: Federal Tax Asset Management Intern
Internship Positions
Location: Short Hills

KPMG LLP, the audit, tax and advisory firm, is the U.S. member firm of KPMG International Cooperative ("KPMG International"). KPMG is a global network of professional firms providing Audit, Tax and Advisory services. We operate in 155 countries and have more than 162,000 people working in member firms around the world.

What is Tax? Visit this link for a brief video description.
https://www.youtube.com/watch?v=T6llEHRII00

Become part of a team of more than 22,000 tax professionals in KPMG’s global network, who work collaboratively with clients and colleagues in a way that we believe is different from other organizations. Drawing on the experience of our people and multi-disciplinary approach, we are able to help our firms’ clients to think beyond the present, see beyond borders and achieve long-lasting success.

At KPMG Tax you can look forward to a broad and exciting career, anchored by the concept and value of what we term ‘the modern tax professional’. You’ll be immersed in a global culture of learning, supported by some of the best training in the industry, giving you the skills and technical knowledge to succeed in this new world of tax. You’ll enjoy collaboration with a team of committed and dynamic colleagues, and be mentored by some of the leading minds in the profession, committed to your personal growth, in the organization and as a tax professional.

Our focus on global experiences means opportunities for international assignments and sharing knowledge across borders. Most of all, you’ll have every opportunity to make a genuine difference in our firms’ clients’ businesses and our organization.

We believe what makes KPMG Tax different is “people thinking beyond”. It’s why people work here. Visit the KPMG Tax website to learn more about our services.

Responsibilities:
• Perform tax-related tasks including tax compliance and advisory services to a variety of clients including partnerships, corporations and S-corporations, from Fortune 100 to emerging businesses
• Participate in a full spectrum of assignments and receive hands-on experience in a collegial environment
• Work as part of a multi-disciplinary team to develop and sustain excellent client relationships
• Keep up-to-date on current tax practices

Qualifications:
• Candidates should be seeking a Bachelor of Accountancy, Master of Accountancy, Master of Taxation, JD degree with a Bachelor of Accountancy, and/or LLM degree with a concentration in tax from an accredited college/university
• Coursework or minor in information systems, software engineering, computer science or data and analytics preferred
• Effective communication, leadership, and time management skills
• Strong technical ability to meet our business objectives
• Ability to work as a team and strive for personal effectiveness and professionalism to maintain excellent client service
• Interest in a profession in tax accounting
• Targeted graduation dates from December 2016 through Summer 2017

Our internship program is designed for individuals who have three or more years of university education at the time they begin their internship.

Why an internship?
Internships are more than just a job and a paycheck. Internships offer you the opportunity to:
• **Explore Career Opportunities** - by working in the field you have chosen, you can receive an inside look at your potential career path
• **Network** - meet a variety of people in your chosen profession through your internship, allowing you to form relationships you can build on in the future
• **Find Mentors** - certain individuals can help guide you through your internship and expose you to opportunities that you can aspire to
• **Gain Experience** - these days, employers look for more in a potential hire than just good grades. An internship experience is an opportunity for you to gain valuable experience that can help make you more marketable to employers

What does KPMG have to offer?
KPMG strongly believes in the importance of internships. We have created an internship program that we believe is an excellent way for students to get an inside look at a career with an audit, tax and advisory firm. At KPMG, we view an internship as the start of a career.

The KPMG Internship Program
KPMG’s internship program is designed to provide you with a valuable learning experience. Since we view our internship program as a “stepping stone” for a career at KPMG, the programs and processes we use over the course of the internship mirror those we use for our full-time professionals.

• **Professional Development** – You participate in training during the first week of your internship. This training program exposes you to KPMG’s culture and provides you with a knowledge base to draw upon throughout the remainder of your internship.
• **Client Service** – After training, you are assigned to a variety of client service engagements for the remainder of your internship. These experiences can help you to gain a better understanding of KPMG and a career with an audit, tax and advisory firm. At KPMG, we feel that on-the-job experiences are some of the best form of professional development.
• **Performance Management** – At the beginning of your internship you set goals. To help you assess how you measure against your goals, you receive formal feedback from your supervisor at the end of each client engagement, to help you identify strengths and areas for improvement.
• **Technology** – Your internship exposes you to KPMG technology and how we utilize technology everyday in our profession. You are also provided a laptop to utilize for the duration of your internship.
Networking – A number of social activities are planned throughout the internship program, allowing you the opportunity to bond with other interns and meet other KPMG professionals in a fun and relaxing environment.

Compensation – You receive a competitive salary during your internship.

Rewards – Upon successful completion of your internship, you may be considered for full-time employment with KPMG.

What is the timing for the KPMG internships?
KPMG has two structured internship programs. Both programs have the same vision and design. Some offices do make special arrangements if necessary.

- Winter/Spring – This program begins with training the first week of January and is a one to three-month program, depending upon your personal availability and the office needs.
- Summer – This program begins with training in June and is a seven to ten-week program, depending upon your personal availability and the office needs.

KPMG offers a comprehensive compensation package.

KPMG. One firm. One team. Countless opportunities.
No phone calls or agencies please.

KPMG is an equal opportunity employer; we encourage applications from all qualified individuals without regard to race, color, religion, sex, national origin, disability, age, or other protected statuses.

KPMG maintains a drug-free workplace.
