

## SENIOR ACCOUNTANT

### **About FCS:**

Financial Consulting Strategies, LLC ("FCS") is a fast growing accounting firm that provides pre-audit, accounting and Securities and Exchange Commission ("SEC") financial reporting services to expanding client companies of all sizes.

Our clients are principally public companies and private companies in the process of becoming public entities.

Our services include:

- Pre-audit services, including preparation or review of consolidated financial statements.
- Audit facilitation, wherein we manage the audit or review of our clients' annual audit or quarterly financial statement review.
- Technical accounting research for complex transactions.
- Preparation of SEC compliant quarterly and annual financial reports, including XBRL tagging.
- Preparation of registration statements in connection with capital raising.
- Assessments of internal controls over financial reporting including Sarbanes-Oxley Section 404.
- Budgeting, preparation of pro forma financials, financial modeling and strategic financial planning.
- Acquisition due diligence.
- Outsourced CFO services.

In conducting clients' services, FCS holds itself to the standards of independence, professional objectivity, and technical excellence. Our flexible approach is designed to serve the unique circumstances and complexities of our clients. The FCS approach is to understand a client's business, the risks it faces and its internal controls. FCS professionals bring a comprehensive methodology that leverages their extensive professional and technical resources designed to address specific circumstances of each client.

### **Position:** Senior Accountant

FCS in northern New Jersey is a firm where you'll be valued for your talents and efforts. We strive hard to provide an atmosphere that's friendly, supportive, collaborative, and challenging for everyone who works here. We're growing by leaps and bounds and attracting top talent who can grow with us. We're small enough that you'll be involved in every aspect of the field, yet large enough to attract the kinds of clients that make every day interesting and rewarding. All accounting firms are NOT the same. Come meet us and get a feel for what FCS is all about. This is a full-time senior accountant position.

### **With FCS, you would:**

- Develop and maintain effective professional working relationships with client personnel
- Supervise our staff accountants including training and delegation of work to staff
- Perform technical research as required
- Maintain knowledge of US GAAP, GAAS and PCAOB standards
- Perform analytical reviews of schedules and documents and prepare supporting schedules as necessary.
- Review client accounting and operating procedures and systems of internal control to identify issues.
- Prepare and review financial statement reports, including complex footnote disclosures.
- Prepare SEC filing documents, and documents supporting client needs.
- Perform tests of risk assessment and financial information internal controls and recommend improved controls and enhanced efficiency.

### **Personal and Practice Qualifications:**

- Must have outstanding work ethic, willing to roll up sleeves work attitude.
- Bachelor of Science or business administration or MS in accounting.
- CPA license.
- Strong academic credentials in accounting or finance.
- Excellent problem-solving, research, and analytical skills.
- Proficiency in MS Office, specifically MS Excel and MS Word.
- Excellent oral and written communication skills.

Public accounting experience and knowledge of SEC regulations are pluses. Please email resume and salary history to [inquiries@fcstrategiesllc.com](mailto:inquiries@fcstrategiesllc.com).
